

# VMworld 2010 Social Media Contributors - San Francisco

---

**Note:** This list for San Francisco is locked. Please open our [new document for Copenhagen](#).

VMworld 2010 is going to be a whirlwind of technology and social activity. Let's keep in touch! If you are going to VMworld 2010 in San Francisco and use social media (blogs, Twitter, etc), please add yourself to the list below. **You can edit this document!**

We're going to use this in a few ways at the event:

- We'll pull your blog and Twitter feeds from this list to aggregate and feature on VMworld.com.
- If you're blogging about VMworld, you may qualify to be an 'official blogger' with access to blogger/press briefings.
- Promote your participation and to let others know to look for you at the lounge or around the conference.

**Note:** This list is for San Francisco only. If you're going to VMworld 2010 in Copenhagen, watch out for a similar document very soon!

To add your info below, first [sign into your VMworld account](#). Then click the "Edit Document" link in the Actions box on the right. Click inside the table below and then add a row to the table to add your details (there's an "add a row" icon in the editor). Please use the table to list your info rather than post comments to this document.
