

## VMworld.com Virtual Exhibitor Booths

Available to setup for no charge for VMworld 2010 Platinum & Gold Exhibitors!

VMworld.com offers hosted and year-round Virtual Exhibitor Booths for virtualization vendors to display and promote their virtualization offerings and engage with online visitors. Design and build a fully-customized virtual booth site to gain valuable feedback on your offerings directly from the virtualization industry.

Above are screen shots of the Virtual Pavilion and a Virtual Exhibitor Booth in which visitors will be able to navigate around by moving their customized avatar, speak to other visitors with live chat and enter virtual rooms and booths to engage with vendors and VMworld.com services. To get started on setting up your own Virtual Exhibitor Booth or for more info, please [submit a request](#).

### Hosted Virtual Exhibitor Booth (multi-page as needed)

Customize a virtual booth with your company logo, graphics and branding to share your virtualization offerings along with community discussions, docs, wikis, blogs, videos, podcasts, events, and more.

Formatted: Bullets and Numbering

### Virtual Conference Booth Navigation

Your virtual booth will be added to our Virtual Pavilion and directory of virtual exhibitors.

Formatted: Bullets and Numbering

### Virtual Conference Hall Promotions/Banners

Your company logo or booth graphics will be placed randomly across locations in the virtual conference and on VMworld.com web pages to cross-promote your virtual booth.
