KEY TO SESSION IDENTIFIERS

Each session is labeled with the following icons to help you identify the sessions that best fit your interest and background.

SESSION IDENTIFIERS

- BW** Business Workshops
- DV** Desktop Virtualization
- EA** Enterprise Applications
- PC** Hybrid and Public Cloud
- PA** Partner Track (for VMware partners only)
- BC** Private Cloud–Business Continuity
- MA** Private Cloud–Management
- SE** Private Cloud–Security
- SS** Super Sessions
- TA** Technology and Architecture
- SP** Technology Partner Sponsor Sessions
- VI** Virtualization 101

TECHNICAL LEVELS

Business Solution ●

Sessions in this category will cover business benefits and real world examples. These sessions are suitable for any audience interested in the benefits of using certain technologies within their organization.

Technical ■

Sessions in this category will cover technical aspects and share best practices. Targeted to anyone with a technical background, but with little to no previous knowledge about the specific topic.

Advanced Technical ▲

Sessions in this category will dive deep into the technology and will assume that the audience has previous knowledge and experience with the specific topic

SPEAKER TYPES

- AN** Analyst
- BL** Blogger
- CO** Consultant
- CU** Customer
- PA** Partner
- VM** VMware

AREAS OF INTEREST

- E** Education
- F** Financial
- G** Government
- H** Healthcare
- HT** High Tech
- R** Retail
- S** SMB
- T** Telecommunications

More Freedom. Less Formality.

For your convenience, session attendance is on a first-come, first-served basis with most sessions being repeated at least once throughout the week.
