Going? Staying home? If you were at VMworld 2007, will you be at VMworld Europe?

I would love to go, but does it get so big as VMworld at Las Vegas?

Do you guys have any details on it yet ?

I'd love to go, but if I have to choose between the one in Europe to the one in Vegas, that's going to be a tough one...

I didn't see any agenda / track / sessions published yet.
