

New Sessions from VMworld 2007 made...

Tony Dunn 261 posts since

Sep 10, 2007

Check out the updated "Free Sessions & Labs" at <http://www.vmworld.com/vmworld/sessions.jspa>

We have made more than 20 new sessions available to the public since the holiday season. And if you were a registered attendee from the VMworld 2007 show, the remaining sessions and labs are available to view at http://www.vmworld.com/vmworld/sessions.jspa?page=attendee_sessions&show=tab5

Be sure to check back often as the remaining "Attendee Sessions" from 2007 will be released to the public.

And look forward to new sessions and labs coming soon after VMworld Europe 2008 in February!

cheers,

~Tony
