Any good giveaways or gadgets going on at WMW 2008?

Check out EMC's booth. They are giving away a car.

Seriously. They are. A Toyota Prius. Go to the EMC booth, get a shirt, put the shirt on, go find the Prius on the floor, and they will scan you to enter.

Seriously. They are.

Well, tomorrow. They are shutting down for the night now.

Giveaways

Who ended up winning the car anyway?
