Hello, due to Hurricane Ike hitting the Houston/Galveston Texas Coast

this past weekend, iland Internet Solutions will unfortunately be

unable to host the VMworld Cocktail Party on September 16th at the

Palazzo Hotel/Vegas as planned. We regret that we have to cancel this event.

Due

to extreme damage to many of Iland's employees and customer's

homes/offices, we will be unable to travel to the VMworld conference.

We hope you have an educational and informative conference while attending VMworld this year.

The

iland team will be reaching out to you in the next few weeks to

understand more about your requirements, and assist you in any way

possible.

We look forward to meeting you and understanding more

about your business, as well as inviting you to our future events
throughout the year.

We will still pick a name from our list of Cocktail Event registrants to award the Wii.

In the meantime please feel free to contact us with any questions.

Regards,

Vanessa Eixman-Naab
