Sudden illness prevents me from attending VMworld (money out the window) 😞

I'm eager to try out the SvSAN, and I've signed up days ago, and it seems all I will ever get is an email thanking me for signing up. Too bad.

quote from SvSAN.php page: It's free with a valid promo key, otherwise it's \$995

It sure looks like a great solution (a bit like our proposal for 'VMware's next big thing' at VMworld TSX in Nice a couple of years ago).

So... where do we find a promo key? At the booth?

We will be contacting you via e-mail to confirm this. I hope that helps.
