We're getting excited for next week and Dell's experts are finalizing the following technical booth theatre presentations for you. Be sure to check your Dell bag insert for the schedule and stop by booth #1801 to participate in these discussions:

- 10 Gigabit Ethernet in a VMware Environment
- Accelerating The Benefits of Virtualization
- Automated Disaster Recovery in the Virtual Data Center
- Dell |EMC Storage Solutions for the Virtual Enterprise
- Dell Open Systems Management
- Dell Solutions To Power the Efficient Enterprise
- Effective Backup and Recovery Using Backup Appliances
- Flexible Solutions for Virtualizing the Desktop
- Inside Dell's 11th Generation PowerEdge Servers
- Optimizing the Data Center to Maximize Return
- Quick Recovery of Microsoft Applications
- Using Dell's Online Advisor To Plan Your Virtual Infrastructure
- Virtual Servers Meet Virtual Storage
